

## NA Trading responds to COVID-19

MINNEAPOLIS, MN (March. 30, 2019) – Your business is essential. That's why NA Trading has been and will continue to implement the changes that allow us to provide the best quality products and service possible.

Some members of our team are working from home offices, but they all remain focused on providing the highest value parts and supplies to our customers. Our shipping and manufacturing team members continue to work hard to ensure we are able to get parts and supplies to you when and where you need them. (Yes, they'll get your drop ship moving today. They rock!) Our sales team is staying home in Minneapolis for a while. Will call remains available to our local customers.

We are in good physical health and the measures we've taken should help us and our customers stay that way. Our operations are being tested, and we're working through challenges as they arise, and we expect to get through this and be stronger as a result. Meanwhile, we appreciate your patience.

Our circumstances could change at any moment, so continue to visit [www.natrading.com](http://www.natrading.com) for updates about us and how we can help your essential business, or call 800-231-8434 and speak with you dedicated product specialists.
