

NA Trading and Technology, Inc. Launches PO Processor

MINNEAPOLIS, MN (June 11, 2020) – NA Trading and Technology, provider of the best value aftermarket copier parts and supplies, has completed its integration of PO Processor.

PO Processor integration is the result of years of effort and collaboration with ECI, and our customers will benefit from it in a number of ways. For instance, users will enjoy streamlined order processing due to PO Processor's ability to automate purchase order processing and to handle multiple shipping locations. These are crucial tools for employee efficiency, and partnering with NA Trading significantly aids the close management of cashflow in today's business environment. Further, we are on ECI's brand new, cutting edge universal platform that guarantees the latest e-automate features, making connectivity is effortless and seamless.

"NA Trading is committed to doing what it takes to make life and business safer, easier and more efficient for our customers and partners," said NA Trading President Ted Johnson. "Our POP integration is further evidence of that commitment."

To learn more about the benefits of e-automate PO Processor and how to get set-up using PO Processor call 800-231-8434 and speak with your dedicated product specialist.
