

MP301-Type 1515 Universal

NA Trading and Technology presents a Universal drum unit that works in the MP301 and Type 1515 applications for Ricoh, Savin, Lanier and Gestetner copiers. Count on this new drum unit to be just as effective as the brand name product for life expectancy and print quality. As an added bonus, dealers get a little extra flexibility with inventory, but perhaps the greatest difference between us and the OEM is the value. Expect significant savings with this product. A top-quality, universal drum unit at a great price? Must be NA Trading and Technology.
