

Canon GPR-22 Drum Units

These remanufactured units are guaranteed to perform equally to a new Canon OEM unit. They provide exceptional image quality when using NA Trading and Technology toner or OEM toner. You will maximize revenue on this machine series with a savings of 25% or more for each preventative maintenance cycle. Using this rebuilt drum unit also helps to reduce your impact on technology waste.

For use in: Canon IR1018/ IR1019/ IR1022/ IR1023/ IR1025

OEM#: 0388B003AA

NATT#: 01069019
